

# **Volunteers Needed Chamber of Commerce Building Redecorating Project!**

**What kind of help is needed?**

- 1. Painters**
- 2. Taping edges**
- 3. Moving furniture**
- 4. Removing the existing carpeting**
- 5. Clean-up**

**We will breakdown the project into sections (front room, hallways, board room, etc.). A calendar will be established and published on the Chamber website during this project. The calendar will list what area will be tackled each day / night. Please use that information to choose which day(s) you can sign-up to help. The calendar will be updated daily to reflect the volunteers signing up and the spots that are still open.**

**We would like to complete the painting by the end of February. After we finish the painting JM Carpets will be installing new carpeting and tiling.**

**With your help we can make our Chamber office look like new!**

**Thanking you in advance,**

**Steve Zimmerman  
Chamber Ambassador**
